as d-gamma	67 mg	*
as d-delta	22 mg	*
as d-alpha	8 mg/12 IU	40%
as d-beta	3 mg	*
Vitamin B1 (as Thiamine Mononitrate)	10 mg	667%
Vitamin B2 (as Riboflavin)	10 mg	588%
Vitamin B3 (as Niacinamide)	10 mg	50%
Vitamin B6 (as Pyridoxine HCl)	10 mg	500%
Folates (NatureFolate™ blend)	100 mcg	25%
Vitamin B12 (as Methylcobalamin)	50 mcg	833%
Biotin (as d-Biotin)	100 mcg	33%

Amount Per Serving	% Daily Value
Pantothenic Acid (as d-Calcium Pantothenate)	100 mg 1000%
Calcium (from Proserum® Whey)	85 mg 9%
Phosphorus (from Proserum® Whey)	60 mg 6%
Magnesium (from Creatine MagnaPower®)	100 mg 25%
Zinc (as TRAACS® Zinc Glycinate Chelate)	5 mg 33%
Chromium (TRAACS® Chromium Nicotinate Glycinate Chelate)	50 mcg 42%
Potassium (from Proserum® Whey and Natural Chocolate Flavor)	110 mg 3%
Total Glutamine Value	3.9 g †
Bound Glutamic Acid (Proserum® Whey)	3 g
L-Glutamine	900 mg
Immunoglobulins (from Proserum® Whey)	2.1 g †
Phosphatidylcholine (from Soy Lecithin)	840 mg †
Creatine (from Creatine MagnaPower®)	550 mg †
Conjugated Linoleic Acid (CLA)	120 mg †
Taurine	100 mg †
n-zymes®	50 mg †
Amylase	2200 DU
Protease 4.5	5000 HUT
Protease 3.0	10.7 SAPU
Protease 6.0 (Concentrate)	2000 HUT
Lactase	400 ALU
Inositol	50 mg †

*Percent Daily Values are based on a 2,000 calorie diet.
†Daily Value not established.

Other Ingredients: Vegetable fiber, natural chocolate flavor, stevia (leaf) extract, tapioca dextrin, natural vanilla flavor, vegetable cellulose, inulin.

Additional Highlights:

NatureFolate™

NatureFolate™ is natural vitamin folates that are found in foods such as eggs and spinach and are immediately "active" and bioavailable to the human body.

Creatine MagnaPower® for energy reserves

The creatine from Albion's patented Creatine MagnaPower®, a magnesium creatine chelate which provides both creatine and magnesium. This stabilized creatine plays an important role in the maintenance and regeneration of ATP, and helps to increase muscle mass, strength and endurance.

Phosphatidylcholine

Dr. Paul's Protein Powder contains 840 mg of phosphatidylcholine per serving, which is the most important nutrient for liver support. This is because liver cell membranes are made of phosphatidylcholine. Supporting the liver is important whenever a patient is working with toxic chemicals or lives in a polluted area, takes prescription or over the counter medications, or has any form of hepatitis.

The Inulin difference

Dr. Paul's Protein Powder includes the prebiotic fiber inulin, which has a subtly sweet flavor but does not impact blood sugar levels. This soluble fiber is shown to have health-promoting advantages, from helping to protect against metabolic syndrome¹² by controlling blood lipids¹³ and blood glucose¹⁴, to supporting GI health through its ability to modulate gut microbiota.^{15,16} Inulin dissolves easily in water, making Protein Powder very easy to mix and thus, helps to create an ultra-smooth texture.

Dr. Paul's Protein Powder Vanilla
